

Memento hole circular 2025

The crystals are composed of each other as in a fabric from which crystals and drops hang as if they were suspended in the air. A new conception of crystal chandelier, in which the structure is completely hidden giving a sensation of total lightness. The light comes out of the texture of gems in a homogeneous way, embellishing the lamp.

Technical specifications

MATERIALS
chromed metal frame and Italian crystal

POWER SUPPLY
white three core braided cloth covered cable 3 x 0,75 mmq

CEILING CUP
included
